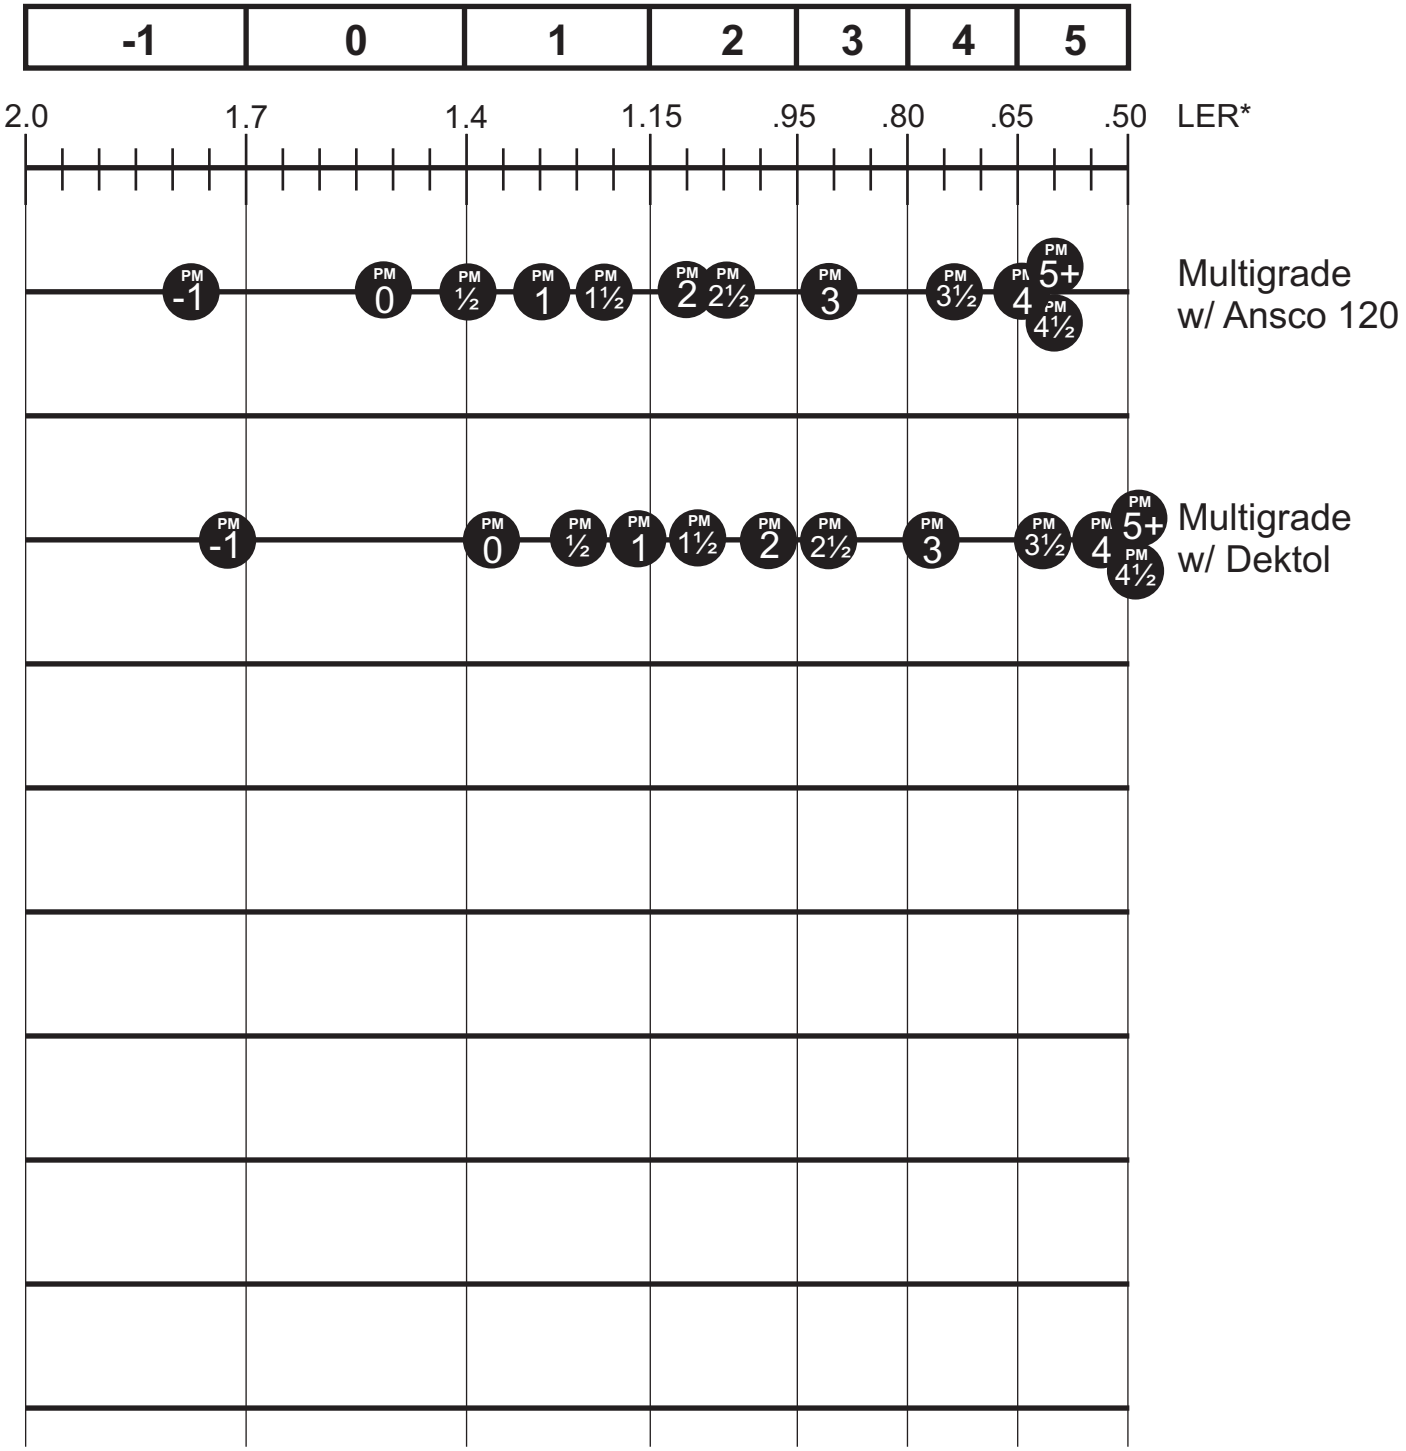
Printing Paper Contrasts
based upon ISO testing methods



1. All tests done with a Zone VI Cold Light w/ replacement Aristo V54 Lamp, controlled by a Zone VI Cold Light Stabilizer.

2. Test strips printed 2/11/2011 with fresh Ilford Multigrade FB paper using Kodak PolyMax 6" x6" filter set.

*LER (Light Exposure Range) is measured from a point 0.04 density above paper white and 90% of max black.
